Yilkal Derseh

Software Developer

I am graduated from Bahir Dar University in Software Engineering in July 2023 G.C. I enjoy problem-solving and coding. Always strive to bring 100% to the work I do. I have worked on technologies like HTML5, CSS, Java, C++, dart, php, reactjs, flutter, vuejs, expressjs, laravel during my bachelor's. I have 4 month of Internship work experience which helped me strengthen my experience web development. I am passionate about developing simple applications that solve real-world problems.

Achievements/Tasks

- I developed Job Portal Project and other web sites with Team.

Contact : *Mr. Derejaw - +251 93 420 8419*

SKILLS

Vuejs   Expressjs   Reactjs   Laravel

Bootstrap   Tailwindcss   Flutter   React Native

MySQL   Postgress   Firebase

Version Control/Github/Gitlab   Graphics Design

PERSONAL PROJECTS

Agri-Ecommerce (02/2023 - 06/2023)

- Our web-based platform connects farmers and capital providers with buyers and distributors of agricultural raw materials and products. We offer a seamless and efficient way to buy and sell agricultural products online.

Job-Portal (06/2022 - 09/2022)

- Our job portal system provides a platform for job seekers to find job openings and apply online. We offer a user-friendly interface and a wide range of job listings across various industries.
